Pact Countries Reject 'Aggression' Charge

Answer That Alliance Is Defensive

Washington, April 1—(AP)—American and British spokesmen coldly rejected today Russia's charge that the Atlantic treaty is aggressive. They hailed it instead as a bulwark of peace.

British Foreign Secretary Ernest Bevin said of the pact: "In its wise use it can be the greatest contributing factor to world peace ever known."

The U. S. State department declared it is strictly a defensive agreement and if the men in the Kremlin want to avoid trouble with the projected alliance all they need do is refrain from attacking any of the member nations.

Treaty Can't Harm U.S.S.R.

Chairman Connally (D-Text) of the Senate Foreign Relations committee took that stand, too.

"If Russia does not meditate armed attacks, the treaty can not harm her," he said.

The state department's reaction to the protest which the Soviet Union delivered last yesterday was made known through a spokesman who declined use of his name. He made clear that the department considers the Soviet protest as being largely a propaganda move against the treaty. Department officials still are considering whether to make a formal reply to Moscow.

Bevin did not discuss the protest note directly, but in a speech at the National Press Club here did address himself to the general charge of aggression.

Will Not Be Aggressive

"It is a fundamental principle of this fact," he said, "that we will never indulge in aggression. But to the world be aggressive we say. Think twice, think thrice."

"To totalitarianism we say, you have your system but don't think it has to affect other people's lives. We have to share the world."

Bevin made two other points about the pact and the general project underway here to consolidate the unity of the non-communist western world.

1. He declared "the settlement of future peace, permanent peace, has to be determined in this next year."

2. He said that the treaty will create "a common pool" of manpower, military assistance and economic aid and the question for each country is what it can put into the pool.

The British cabinet officer, here to join in signing the 12-nation 50-year alliance next Monday, predicted history will say "in that pact humanity took its greatest step to ensure the great freedoms of the world."

Senate Group OKs Bill To Let Truman Revamp Executive

Washington, April 1—(AP)—A bill giving President Truman broad powers to revamp the government, but also making it easier for Congress to pull his reorganization plans, was approved today by a Senate committee.

It either branch of Congress disapproved a reorganization proposal it would be dead, under the measure approved by the Senate executive expenditures committee.

The group re-wrote a bill passed by the House which would require dissent by both Houses in order to kill any presidential proposal for streamlining the executive department.

At the same time it knocked out a House provision that any reorganization plan for the military establishment and six other agencies be submitted to Congress separately. Friends of these provisions had unsuccessfully tried in the House to have them exempted from any presidential change.

National City Bus Lines Fined \$5000 In Anti-Trust Suit

Chicago, April 1—(AP)—A federal judge today fined National City Lines, Inc., and six other firms \$5,000 and costs each for conspiring to violate anti-trust laws.

He fined seven individual officials of the firms \$1,000 each. One other firm was fined \$1,000 and costs.

Judge William J. Campbell denied a motion for a new trial. The firms and individuals were convicted March 12 by a jury of 12 housewives. The defendants were accused of conspiring to control a large part of transit systems in the nation through a practice of obtaining funds from suppliers and limiting purchases to the suppliers. The supplies included tires, tubes, vehicles and oil products, the government charged.

House Votes To Repeal Tax On Oleomargarine

Washington, April 1—(AP)—Butter lost a major round in a spirited battle with a competing spread today as the House voted 287 to 89 to repeal the 63-year old federal taxes on oleomargarine.

The House rejected all efforts to outlaw interstate shipment of oleomargarine, but the tax-repealing measure stipulates that yellow oleomargarine sold in public eating places must be triangular in shape and identified as oleomargarine.

Voting occurred after the House had heard complaints that the dairy industry is being destroyed, and 65 cents from the oleomargarine makers, that housewives should be free to buy any wholesome food they choose.

The House action sent the measure to the Senate, which hasn't acted on the question this year. The House approved an oleomargarine tax repealer last year, 260 to 166, but it died in the Senate. The democratic platform calls for the tax repeal and

Senate Beats Taft Proposal To Slash ERP Fund By 10%

Washington, April 1—(AP)—The Senate beat down tonight a proposal by Senators Taft (D-Ohio) and Russell (D-Ga.) to slash 10 per cent off the new \$5,580,000,000 fund for the next 15 months of the European recovery program.

The vote was 54 to 23. The vote, regarded as the major test of efforts to whittle foreign aid spending, seemingly cleared the way for Senate approval of the full amount requested by President Truman's administration for western Europe.

However, many amendments still were pending. If all were formally offered, they could delay a final vote on the bill, perhaps for days.

The vote on the Taft-Russell amendment came after the Senate had rejected, 68 to 14, a proposal by Senator Wherry (R-Neb.) to cut the fund 15 per cent.

After the vote on the Taft-Russell amendment, the Senate recessed at 10:03 p.m., central standard time until 10 o'clock Saturday morning.

The Wherry proposal would have slashed 15 per cent off the spending program authorized by President Truman for the next 15 months.

Wherry told the Senate that the Taft-Russell amendment was merely a "token cut."

But Taft objected to this language. He pointed out that the 10 per cent cut would knock off more than \$500,000,000 and be added "that ain't hay."

3 Chicago Taverns Sued For \$130,000 Under Dram Shop

Chicago, April 1—(AP)—Three Chicago area tavern or liquor store owners today were sued for a total of \$130,000 under the state Dram Shop Act by parents of two youths killed last April 3 in an auto crash.

The superior court suits ask \$65,000 for Mr. and Mrs. L. E. Shelton of suburban Argo and \$65,000 for Mr. and Mrs. J. E. Willis, Campbellville, Ill.

Named as defendants are William Lindeman, owner of John Knox tavern; David Agazzi, owner of the Central Wine and Liquor Store, Argo.

The suits claim that the two youths, Ernest H. Shelton, 20, of Argo and Clifford Willis, 18, of suburban Summit, visited the three places prior to the accident. The Dram Shop Act holds liquor dealers and owners of the property liable for damages arising from the sale of liquor to intoxicated persons or minors.

Onetime Movie Lover Is Now Delivery Boy

Los Angeles, April 1—(AP)—A handsome, graying man of 48 delivered election equipment today to polling places. To election officials—many of them women—he was just another \$1-an-hour delivery clerk.

But 20 years ago he had walked into a roomful of women, many of them would have almost swooned. For then, Nils Asther was one of the movie's great lovers and earning \$5,000 a week.

How does it feel to take a pay cut down to \$1-an-hour?

"Never felt better in my life," says the Swedish born actor whose love scenes with Greta Garbo were among the screen's most torrid. He took the job with the city two months ago.

"I came back to Hollywood from New York 14 months ago. Picture discussions were in the wind but never materialized."

"I could not stand or afford the idleness. A friend got me this job and I like it very much."

As one of Europe's top romantic idols, Hollywood sought him. He was brought here in 1927 to star in "Sorrel and Son." An instant hit, he next played in "Our Dancing Daughters," the picture that made Joan Crawford. As Garbo's lover in "Wild Orchids" and "The Single Standard" and as "Her Cardboard Lover" with Marion Davies, Asther was shadowed only by the late John Gilbert as a screen romanticist.

The expectation of life at birth for white females in 1946 was almost 71 years.

Say Russians May Revoke French, English Treaties

Moscow, April 1—(AP)—Well informed diplomats said today they feel almost certain Soviet Russia will consider signing of the Atlantic pact invalidates her 20-year mutual aid treaties with Britain and France.

Those treaties, written in the war years, pledged partnership in the war against Germany "until complete victory" and joint measures to safeguard Europe from new aggression after the war. Each treaty stipulated that neither nation should join a coalition directed against the other.

Russia charged in a tart note yesterday to the seven original sponsors of the Atlantic alliance, Britain and France, that the alliance was aimed against her. She said it violates the British-Soviet and the French-Soviet treaties and the Yalta and Potsdam agreements and undermines the United Nations.

A top U. S. state department official suggested in Washington that the Russians need not worry about the Atlantic treaty; all they have to do is not to attack any member nation. He reiterated the declarations of western leaders that the alliance is purely defensive.

Both French and British spokesmen denied the Soviet charge of treaty violation. British officials commented that Russia's reaffirmation of loyalty to the Yalta and Potsdam agreements "looks silly."

144 Hurt As China Students, Soldiers Clash In Nanking

Nanking, April 1—(AP)—Fights between soldiers and anti-government student demonstrators injured 144 persons late today following departure of an official mission to talk peace with the Chinese communists. Eleven were injured seriously.

The students charged the government's peace overtures were insincere and that it actually was preparing for continued civil war. They also demanded better living conditions and attacked "American imperialism."

After orderly parading, about 2,000 students went to a troop receiving center to distribute literature.

A Nanking garrison spokesman said the soldiers responded by attacking the students, whom they called communists.

The students then went to the office of Acting President Li Tsung-jen to protest. The soldiers followed and attacked again, the spokesman declared.

Admits He Killed Widow, Dissolved Her Body In Acid

Horsham, Eng., April 1—(AP)—John Haigh was quoted by a prosecutor today as admitting he murdered a rich widow for her possessions and dissolved her body in acid.

Prosecutor E. G. Robey called 26 witnesses to a preliminary hearing of murder charges against the handsome 39-year-old factory executive.

The witnesses, Robey told the court, will bear out his accusation that Haigh killed Mrs. Olive Durand-Deacon, 68, last Feb. 18, and destroyed her body after taking her jewels and a fur coat.

Two live magistrates, including three women, are hearing the prosecutor's case to decide whether Haigh must stand trial for murder.

Haigh told Scotland Yard detectives he shot Mrs. Durand-Deacon in the back of the head while she was examining some papers in a factory at Crawley, Eng.

Strike Of Drivers Cuts Taxi Service 90 Per Cent In N. Y.

By The Associated Press

A strike of cab drivers cut New York taxi service by 90 per cent Friday.

Other curbs on transportation were imposed by a strike of radio operators against Pan American World Airways and a walkout of seamen against Canada's East Coast ship owners.

A strike of 7,000 brewery workers closed all major beer plants in the New York metropolitan area, but enough brew was available for 10 days of normal quaffing in that area.

Friday was a national holiday for 400,000 United Mine Workers who honored the memory of John Mitchell, one of the union's early leaders, and commemorated introduction of the eight-hour work day.

In Akron, O., a strike of 600 bus drivers and mechanics ended after a seven-hour strike with acceptance of a seven-cent hourly wage boost by the CIO Transport Workers union.

Pollard Sentenced To 99 Years For Killing Baby Boy

St. Louis, April 1—(AP)—William Norris Pollard, who has been in and out of mental institutions 20 times, was sentenced to 99 years in the Missouri state penitentiary today for killing a baby boy who was left in his care.

The child was Joseph Edward Nichols, 21 months old, son of Mr. and Mrs. Joseph Nichols of Huntington, W. Va. Pollard, 25, comes from Cincinnati.

The child's body, severely beaten, was found in a dresser drawer in a downtown hotel last Nov. 20. The FBI arrested Pollard three days later, in Chicago. He said he beat the child because it cried.

In Circuit court today Pollard pleaded guilty to a charge of second degree murder. Judge James E. McLaughlin sentenced him promptly.

Pollard didn't say a word, but Mary Pollard, a telephone operator in Cincinnati, was in the courtroom. She had said all along she would "stand by him."

While he waited for trial Pollard had slashed his wrists and gone on hunger strikes.

The expectation of life at birth for white females in 1946 was almost 71 years.

Unemployment Total Falls 54,000 In March

Ask Abolition Of Labor Draft In Russian Zone

Berlin, April 1—(AP)—Two German social democratic (Socialist) leaders called today for the abolition of concentration camps they said the communists are operating in the Russian zone of Germany.

They also demanded conscription of labor in the Soviet zone be ended and that political freedom be restored to the zone's 17,000,000 residents.

Franz Neumann, chairman of Berlin's socialists, and Paul Loebe, pro-Hitler speaker of the German reichstag, made the demands in speeches marking the third anniversary of the founding of their party here.

Neumann's defiant declaration was addressed to Gen. V. I. Chukov, who is succeeding Marshal Vassily D. Sokolovsky as Soviet military governor in Germany.

The socialist chairman said anti-communists in Berlin are fighting to restore political freedom in Russian-occupied eastern Germany. He held up long lists which he asserted contained the names of anti-communist Germans confined in Russian zone concentration camps and declared:

"We will protest in Berlin against these shameful camps until they are abolished and until the flag of freedom flies over all Berlin."

Loebe denounced the Soviet blockade of Berlin as "inhuman." He attacked conscription of labor.

Berlin's socialist press again accused the Russians and German communists of forced recruiting of Germans to work in uranium mines in eastern Germany and Czechoslovakia. Uranium is an ingredient for atomic energy.

Missing Banker Mails \$100,000 To Friends, Banks

New York, April 1—(AP)—Money pouring in by mail to banks and friends of a missing banker reached more than \$100,000 today. But the banker and nearly \$800,000 more still are missing.

Personable Richard H. Crowe, 41, fled Sunday, the day before the discovery of the biggest theft from a bank in the city's history—\$884,680.

He is making police history also by his efforts to pay off a huge pile of debts, apparently without giving police any clue to his whereabouts.

The money in cash and bonds is missing from a branch of the National City bank where Crowe was assistant manager.

As the FBI sent "wanted" notices throughout the country on the missing bank official, sought on a federal charge of embezzlement of national bank funds, the search centered in Florida. The last letter he mailed to his wife came from Jacksonville.

Motorists Think Woman, Poisoned By Fumes, Is Drunk

Klamath Falls, Ore., April 1—(AP)—Because motorists thought a woman weaving about the highway was drunk, her husband and daughter nearly died of carbon monoxide poisoning.

Mrs. C. A. Mayers, Madera, Calif., flagged down Hugh Estes, Klamath Falls, north of here late yesterday. She staggered as she waved a white flag.

"Everybody thinks I'm drunk and won't stop," gasped the woman and collapsed on the pavement.

Estes helped Mrs. Mayers to the car, and there found her husband slumped over the wheel and their daughter Reva unconscious on the back seat. The parents soon were revived.

Estes brought Reva, 14, to a hospital here. Her condition was sufficiently improved today and she was released.

Examination of the Mayers' car showed that a broken exhaust pipe had discharged carbon monoxide into the interior.

Contracts Awarded On Patient's Unit At State Hospital

Springfield, Ill., April 1—(AP)—Five contracts totaling \$240,274 were awarded today for construction of a patients' residential unit at Jacksonville state hospital.

The contracts, awarded by the state architecture and engineering division, included the following work:

General work Evans Construction Co., Springfield, \$136,800; Heating and plumbing, Joseph E. Doyle, Jacksonville, \$63,700; electrical work, Blades-Campbell, Inc., Decatur, \$16,621; kitchen equipment, the Stearns Co., Chicago, \$14,751; pipe covering, Paul J. Kerr Co., Chicago, \$8,390.

Stassen Asks Program Like ERP To Aid Asia

Boston, April 1—(AP)—Harold E. Stassen tonight called for a "MacArthur plan in Asia" patterned after the Marshall plan in Europe.

The war-veteran president of the University of Pennsylvania's told a distinguished group of scientists and educators here:

"We should move, and move promptly, to bolster the southern half of China."

Winston Churchill sat on the platform as Stassen made this call in a speech prepared for the mid-century convocation of Massachusetts Institute of Technology. Stassen, the second political speaker in a great symposium on human and scientific progress, took the program place of President Truman, who could not attend.

"Clearly the Marshall plan in Europe has been the most significant single right thing we have done since the end of the war," Stassen said. "It is high time that we have a parallel MacArthur plan in Asia."

Number With Jobs Upped 480,000

Washington, April 1—(AP)—The nation's employment problem took a brighter turn today as the government reported the jobless total fell off 54,000 in March for the first decline in five months.

At the same time the census bureau said the number of people having jobs last month increased 480,000 over the February estimates.

(The increase in the number of persons having jobs was greater than the decrease in unemployment because there was a rise in the "labor force.")

Loebe denounced the Soviet blockade of Berlin as "inhuman." He attacked conscription of labor.

Berlin's socialist press again accused the Russians and German communists of forced recruiting of Germans to work in uranium mines in eastern Germany and Czechoslovakia. Uranium is an ingredient for atomic energy.

The money in cash and bonds is missing from a branch of the National City bank where Crowe was assistant manager.

As the FBI sent "wanted" notices throughout the country on the missing bank official, sought on a federal charge of embezzlement of national bank funds, the search centered in Florida. The last letter he mailed to his wife came from Jacksonville.

Says Daily Worker Never Advocated Overthrow Of U. S.

New York, April 1—(AP)—The initial government witness in the communist conspiracy trial conceded under cross-examination today that while he was in the party he never wrote articles advocating violent overthrow of the U.S. government.

Lois P. Budenz, the witness, said also he never read any stories in the daily worker, communist paper, advocating such action between April 1, 1945, and the time he renounced the party in October, 1945.

The 11 communist leaders on trial are charged with conspiring to advocate the overthrow of the government by force. The indictment says the conspiracy began April 1, 1945.

Budenz served as managing editor of the daily worker during part of his 10 years in the party. When asked if he had written articles supporting violent action against the United States, he replied:

"Specifically, no. That was not then the line of the party."

He added, however, that he had recommended an article written by John Williamson, a defendant in a communist magazine.

"The article," he said, "stressed the reading of the history of the communist party of the Soviet Union, and every communist knows that when you begin to read that you are being committed to the Leninist line."

Scot Wants To Be Next Police Chief Of Evans, Ky.

Evans, Ky., April 1—(AP)—News of this coal mining town's troubles in getting and keeping a police chief has traveled far.

Latest evidence of this is a letter disclosed today by Mayor E. H. Bailey, who has received more than 200 applications for the job.

Newest applicant is James R. Talbot, 22, of Dundee, Angus, Scotland. Evans has had five chiefs since last August. One was shot to death and the others resigned. The latest, Isaac Combs, recently was convicted of manslaughter and given a 10-year sentence.

John James, a former policeman here, now is serving temporarily, until city council meets April 4 to select a new chief.

Talbot said he noted in his daily newspaper there was a vacancy.

"The Scot wrote that 'in the event of my application being considered, I would be prepared to travel at a month's notice.'"

Talbot said he served during World War II in his majesty's royal marines and now is a Scottish constable. He added that he is married but has no children.

Loses Leg, Hand In Train Mishap

Pana, Ill., April 1—(AP)—Adolph "Doc" Henderson, 60, of Pana, a freight conductor for the Chicago and Eastern Illinois Railroad, was injured today in the railroad yards at nearby Findlay.

Henderson, setting a brake stop a coal car, was thrown off. He fell under the wheels which severed his right leg and part of his right hand.

Attendees at Huber Memorial hospital here said his condition was critical.

CARRYING THE JOKE TOO FAR

Optometrists in Illinois are faced by a piece of legislation that could be regarded as smacking of Iron Curtain regulation, or just downright silly. Senate Bill No. 184, now in the Illinois general assembly hopper, contains provisions that would shove optometry around in rough fashion. The measure would dictate to all optometrists the kind of displays they could maintain to acquaint the public with their location or service. It would tell them the size of letters they could use in outside signs, the kind of lights in the sign, and a lot of other stuff that would not be mere suggestions or recommendations—but law.

Still invading the rights of individuals, the senate bill now threatening the freedom of optometry contains clauses which would handcuff the profession in advertising its service. If the new measure were to be passed, optometrists could not indulge in newspaper, radio, television or other types of advertising beyond the insertion of a simple professional card for a limited number of times and in specific language, without violating the law.

Among the silly restrictions which the bill would place upon optometrists are: "...the name and title of the licensee...shall not be displayed in lettering larger than four inches in height for street level offices nor larger than six inches in height for offices above street level and shall not be illuminated except during office hours, and under no circumstances by any colored or neon lights, nor shall any eye glass or eye sign, whether painted, decalcomania or any other, either in the form of eyes, or structure resembling eyes, eyeglass frames, or eyeglasses or spectacles, be displayed in any manner."

We recognize the right of Illinois governing bodies to establish standards by which doctors of optometry are examined for proficiency, licensed in the public interest, and required to maintain high calibre service in the general welfare. But we believe each optometrist should have something to say about how he runs his business, particularly the size of lettering in front of his office, and the type of lights illuminating his location. We maintain, too, that optometrists should have the right to advertise their service without being gagged. Much professional freedom would be scuttled if Senate Bill 184 were to become law.

Merchants Hosts To 2,500 Children At Movie Performances

When a fellow is five or six years old, he doesn't mind having a partner in the same seat with him at a good movie show. A large number of children "doubled up" Friday morning at the Fox Illinois theater, which normally seats 1100 patrons, but because most of the patrons were small, accommodated more than that number at two "Shop and Show Day" performances.

Admitted free to the show through courtesy of the Retail Council of the Chamber of Commerce, the youngsters filled the theater at 8:20 a. m. and again at 10 a. m. They saw "Romance of Rosy Ridge," starring Van Johnson, and a cartoon, "Dream On Joe."

The audience at the first show was estimated at 1200, with a larger crowd on hand for the 10 o'clock showing of the films. The total attendance was about 2,500. Children made up about 90 percent of the audience, but some of the younger movie-goers were accompanied by their parents.

None of the children had to worry about being late for school, because there wasn't any school! The teachers in the city and county school systems went to Springfield for the annual meeting of the South Central Division of the Illinois Education Association.

While the children attended the theater, many adults took advantage of the "April Fool's Sale" held by retail merchants. The stores convinced the public that they weren't

Minutes of the previous meeting were read by Mrs. Albert Nail. Mr. and Mrs. Robert Foster had charge of the program. Three contests were conducted. Winners were Raymond Zachary, Mr. Hugh Nor-diet and Mrs. Albert Nail. Home movies were shown. At the close of the meeting, refreshments were served by Mr. and Mrs. Albert Nail.

Boudreau Says Feller Worst Disappointment Of Training Season

Tucson, Ariz., April 1.—(AP)—Lou Boudreau surveyed the pitching talent on his world champion Cleveland Indians today and found Bob Feller one of the biggest disappointments so far.

From Lou, these are hard words. For the Indians' shortstop manager has been one of the fireball Bob's stoutest defenders in the past.

To make matters tougher, he admitted in an interview he wouldn't start Feller in the opening game if the season opened next week, instead of 23 weeks hence.

"Feller and Sam Zolack," said Boudreau, "they have been the big disappointments of an otherwise satisfactory season. I don't know what to think about Zolack. I was counting on him to head up the relief pitching."

"They say he's a late starter. I hope they're right."

Now about Feller. "He thinks too much," says Lou.

"That may sound funny, for most of us don't think enough. But when you give Bob an assignment, he doesn't consider it just a job to be done. He has to think about the heat and the humidity and what happened when he pitched under the same conditions last year."

In other words, unless conditions are just right, Bob feels in advance that he can't do his best work. That's the wrong attitude. He has to meet conditions as he finds them, not hope that the conditions will meet his special requirements."

Ben Hogan Goes Home After Long Hospitalization

Fort Worth, April 1.—(AP)—A smiling Ben Hogan—frail and tired—came back home to Fort Worth today.

Convalescing from a near-fatal automobile accident, the champion golfer arrived by train from El Paso in the late afternoon and went by ambulance to his luxurious home in Westover Hills.

"It's great to be back," Hogan said. "It's really great."

"I want you to see the redoubts in the yard," said Mrs. Hogan as the ambulance attendants carried Ben, on a stretcher, to the front door. "See them?"

"I see them," said Ben. "They're wonderful."

Hogan, who was gravely injured in an automobile accident Feb. 2 near Van Horn, Tex., left an El Paso hospital last night and boarded a train for home.

"It was a smooth trip," Ben said cheerfully.

And a reporter said: "The engineer knew Ben was aboard and really took pains to go easy. Some of the railroad men said that was the softest trip the Texas Eagle ever made."

But Ben had a bad night and a painful day. His back and legs hurt him.

When the silver and blue train arrived, a crowd of 40 persons, relatives and friends were waiting.

The people applauded as attendants lifted Ben off the train on a stretcher and placed him in an ambulance for the ride home.

Mrs. Heart Going Away To Ponder Over Suggestions

Oklahoma City, April 1.—(AP)—Mrs. Heart is leaving town—much to the relief of the newspaper which gave her story to the world.

"She says she is going to a sanatorium for a rest and to think things over," Reporter Jimmy Jackson, of the Daily Oklahoman said after talking with the woman today.

"She is disturbed and upset by much of the mail she's getting, especially the pleas for help. And she's afraid her friends have guessed her identity."

The Oklahoman published yesterday morning the story of a 51-year-old widow who said doctors gave her a life expectancy of one year because of a heart ailment.

She asked the newspaper for advice on how to get the most happiness out of that year and \$10,000 she had to spend.

The newspaper investigated, established to its satisfaction that her story was true and invited its readers to give her suggestions.

The reaction was little short of terrific.

Telephone calls for Mrs. Heart—the alias coined to hide her identity—swamped the newspaper. Telephone operators estimated they handled nearly 1,000 calls yesterday from many states. The volume was nearly as heavy today.

Moorhead Upset In National Legion Cage Tourney

Beaver Falls, Pa., April 1.—(AP)—A favored Moorhead, Minn., team was defeated by Red Lion, Pa., 55-49, last night in the second round of the national American Legion basketball tourney.

Moorhead in the first round upset Beaver Falls, last year's national champion.

In other second round games, McPherson, Kan., won a double overtime victory over Niles, Mich., 42-42, and Casselton, N. D. downed Fairhope, Ala., 38-40.

In the first round games, Kansas, Ill., defeated Meridian Miss., 57-50; Newport News, Va., edged out Independence, Ia., 54-47; Portsmouth, O., turned back Rhinelander, Wis., 40-35; and Tecumseh, Okla., defeated Grace, Idaho, 48-21.

Bloomfield, N. J., advanced to the second round when St. Albans, W. Va., failed to appear.

Coy McGee Signs With Hornets

Chicago, April 1.—(AP)—Coy McGee, 190-pound Notre Dame half-back from Longview, Tex., has signed a 1919 contract with the Chicago Hornets of the All-American Football Conference.

McGee was a member of the Notre Dame varsity from 1945 through 1948. McGee's signing was announced by Hornet Coach Ray Flanery yesterday.

Would Celebrate Labor Day Later

Washington, April 1.—(AP)—The American Automobile Association suggests that Labor Day be observed two weeks later each year in order to prolong the vacation season.

The Association yesterday asked Congress and two big labor organizations to think it over.

R. J. Schumaker, AAA president, said Labor Day is the traditional end of the vacation season. By celebrating the third instead of the first Monday of September, he said, it would give workers more time to plan vacations, and would help the travel industry because it would make more money.

RETURNS FROM FRANCE

Hollywood, April 1.—(AP)—Erich von Stroheim, 58, the actor with the stern, scarred face and cropped hair who carved a screen career playing Prussian officers, returned to Hollywood today.

"Von," as he's called in the film colony, arrived from Paris where he has been appearing in French pictures.

Kid Gavilan Upsets Ike Williams To Win Unanimous Decision

New York, April 1.—(AP)—Kid Gavilan, a 146-pound bundle of fighting fury, wore down lightweight champion Ike Williams in the last two rounds tonight to win a unanimous 10-round non-title victory in Madison Square Garden. Williams weighed 136.

The two judges, Frank Forbes and Arthur Susskind, each scored it 6-4-1. Referee Frank Fullam gave it to the Cuban, 7-3. The Associated Press score card had Gavilan in front, 6-4.

A blistering surge in the last two rounds carried the flashy Gavilan, a 5 to 9 underdog, to victory in this rubber bout between the top challengers for Ray Robinson's welterweight crown.

It was the third battle between two crack fighters and a capacity crowd of 18,201, which paid \$95,865, cheered it all the way.

Williams won the first fight in February 1948, and Gavilan, the return last January.

Tonight's was the biggest crowd and sale of the three bouts and Gavilan's weight advantage also was the largest he ever had over

him, he replied. "He's that good."

That would send the accomplished Flip Rosen to the Triple A's again, and gives you a fresh start on the true strength of the revitalized World Champions, already heavy favorites to repeat.

Unknown Negro Infielder Ace Slugger With Indians

St. Petersburg, Fla. — (NEA) — Scouts, baseball writers and ballcasters drifting in from the far west speak longest and loudest about Orastes Minoso, a player of whom you probably never heard.

For who do you suppose is the sensation of the Indians in training? Not any member of the star-studded last year's World Champions.

Not the graceful Larry Doby compared to the great Joe DiMaggio in center field. Not Ray Boone, the rangy shortstop apparently ready to soar in for either the remarkable Lou Boudreau or Joe Gordon. Not Al Rosen, the job aspirant to Ken Keltner's job at third. Not Arnie Wilson, the shingle-legged Negro stopper, the signing of whom precipitated the row with the Yankees.

The name of Third Baseman Minoso, the smash hit with the Cleveland club based in Tucson, does not even appear on the roster.

Recommended By Vosmik

Minoso is with the parent squad only because Joe Vosmik, the old outfielder who resides in Cleveland, raved about him all winter.

Vosmik, you see, manages the Dayton, O., club of the Class A Central League for whom Minoso, reporting in August, hit .529 throughout the last six weeks. What convinced Vosmik further was his swatting at a .611 clip and for magnificent distance in two play-offs.

Minoso, a 24-year-old Negro, is not big, but has the legs of a sprinter and the torso of a wrestler.

"He really hits the ball from country to country, even out there in Arizona, where a country mile is just that, and then some. A right-hand hitter, he pokes outside pitches over the right field fence, pulls inside pitches over the left, runs like a prairie wind, and knows his way around third base."

Young Flip Rosen, whom a half dozen clubs would grab quickly at a handsome price, has had two fine years in a row as he makes his second stab at a post with the Tribe.

The management of the Baltimore Internationals, with whom Cleveland had a working agreement, was hoping mad a year ago, when Bill Veeck farmed the 24-year-old Rosen to the Yankees' Kansas City branch, where he battled .327 through 127 games, had 25 homers, four more doubles, batting in 110 runs and scoring 102.

Vaulting into Double A with Oklahoma City in 1947, Rosen won the Texas League batting championship, led in five hitting departments to be the circuit's most valuable athlete.

Rosen would be rated a rip-swinging regular with at least six other big league organizations, but there is Ken Keltner, fresh from his finest season, ahead of him.

And now the unheralded Orastes Minoso.

I asked a veteran scout if he believed there was a chance of Minoso being retained by the Indians.

"He may compel them to keep

him," he replied. "He's that good."

That would send the accomplished Flip Rosen to the Triple A's again, and gives you a fresh start on the true strength of the revitalized World Champions, already heavy favorites to repeat.

REDS BEAT TIGERS 3-2 In 10 Innings
Tampa, Fla., April 1.—(AP)—The Cincinnati Reds ended a three-game spring training losing streak today with a 10-inning 3 to 2 verdict over the Detroit Tigers.
Hero of the game was Grady Hatton. His eighth hit in the last three games was a sizzling single through George Kell that scored Bobby Adams with the winning run in the last of the 10th.
The Tigers outbatted the Reds, 12 to 8, but two of the Red Sox blows were successive home runs by Danny Lil- whiter and Hank Sauer in the second inning off the pitching of Hal Newhouse.

IF MAJOR LEAGUE HEAD WOULD HAVE KEPT DATE, NO BASEBALL SUIT TODAY
Tampa, Fla., April 1.—(AP)—Had a 1945," he said. "Stoneham came to me and asked me whether I'd be interested in buying an outfielder. 'What can he do,' I asked. 'He's might not be under attack in the a good long ball pull hitter who should hit a flock of home runs in your small ball park.' Stoneham answered. 'But he can't field a lick, and he's somewhat of a sureball.' 'That's all right. I like clowns,' I told him. 'How much you want for him?' 'One thousand dollars,' he said. 'That's a deal,' I replied. 'What's his name?' 'Don Gardella,' Stoneham answered.
"Stoneham agreed to meet me the next morning in my suite and bring the necessary papers. I waited all day but he never showed up. Had Stoneham sold him to Mr. Gardella might never have jumped to the Mexican league, and there probably would be no suit against baseball at all today.
Gardella and the Giants failed to agree on terms for 1948 and the player quit the Giants for the Mexican league. He was suspended for five years by baseball Commissioner A. B. Chandler.
A year ago, Gardella sued baseball leaders for \$300,000 contending the game is a monopoly and its reserve clause violated the anti-trust law. A U. S. court of appeals recently ruled the Gardella case should be heard. Later three other jumpers, Max Lanier, Fred Martin and Sal Maglie, followed Gardella's cue with a suit of their own.

Journal Courier Will Sponsor Survey Into Local Buying Habits

Jersey Judge Jails Parents, Sentences Son To St. Charles

Jerseyville, Ill.—A 15-year-old Jerseyville youth was taken to the St. Charles School for Boys Thursday morning by Sheriff C. P. Wedding. The boy was arrested recently on a charge of larceny after he had stolen a number of items from a truck of a neighborhood grocery.

The boy pleaded guilty to an information in the county court before Judge William F. Hanley and was sentenced to the school for boys. The youth's parents were also brought into court on a charge of contributing to the delinquency of their son. The parents were each fined \$25 and costs and sentenced to serve 48 hours in the county jail. Sentence regarding the parents was stayed by Judge Hanley on condition that they properly supervise their other children in the future.

State's Attorney Alvin H. Pettit said Judge Hanley indicated here this week that harsher measures are being instituted in Jersey county when it comes to dealing with the current juvenile delinquency problem.

"Where it appears that the parents are contributing to the delinquency of their children," Pettit stated, "the parents are also going to find themselves in court to explain their parental deficiencies."

Pettit stated that juvenile delinquency in Jersey county has reached widespread proportions and is a real problem in the community. Work of the Bureau of Criminal Investigation operatives in the locality the past few days has uncovered a number of situations in the county of serious nature.

"In a great many of these circumstances," Pettit stated, "the parents are at the bottom of the trouble and the children the victims of their parents' activities."

Judge Hanley stated that the imposing of a sentence on parents in the county court will be repeated whenever the situation justifies. "This is just a warning," he said, "of what many parents may expect if they continue to contribute to the downfall of their children."

Rural Districts To Vote Saturday On Consolidation

Another major school consolidation in Morgan county will be submitted to voters Saturday when citizens of 12 districts lying north of Jacksonville go to the polls at the Sherman school house, on U. S. Route 67, north of the city, to vote on the proposition.

If the proposition is approved, the districts which now lie in an area of 54 square miles will be consolidated. Ten of the districts now maintain one room schools.

The question has been discussed by most of the residents of the area, who are ready to express their wishes at the polls. The consolidation has been endorsed by the Taxpayers Federation of Illinois, which made a survey of the situation at the request of the Morgan County Taxpayers Association and school officials.

The area in which the election will be held contains 169 pupils.

GUSTINE'S

All answers given to Illinois Research and Survey interviewers are confidential. A select number of housewives on a ratio of 3 or more homes out of every hundred will be asked to volunteer accurate information on their buying habits, since it has been amply proven that a carefully worked out sample of this proportion will give the correct answer for the entire population with a small variation. No questions of a personal nature will be asked.

Local Women Interviewers
Mrs. R. O. Martin, 704 South East street, will be in charge of the interviewing in Jacksonville and a staff of three local women will assist in obtaining this vital information.

The Jacksonville survey is one of 41 similar surveys to be made in other Illinois cities under the auspices of their local daily newspapers next week.

Information secured by these surveys has caused the eyes of the world and nation to be focused on Illinois. Coffee growers in Brazil and manufacturers in many lines in the United States and many foreign countries await the new findings each year.

Findings from these surveys are used by manufacturers and advertisers to bring new products to your home and to improve old products, where possible, to conform with the likes and dislikes of Illinois housewives.

Augustana Choir To Sing Monday In Springfield

Music lovers from Central Illinois are invited to hear the concert by Augustana choir at the Springfield high school auditorium at 8:00 p.m., Monday, April 4.

The 72 voice choir, under the direction of Henry Veld, is giving 10 concerts in five states on this Springfield tour. The choir is composed of two groups, the Wennerberg male chorus and the Jenny Linda women's chorus of the musical department at Augustana College, Rock Island.

Each group sings a couple of selections as individual choruses. Miss Ruth Anderson is accompanist for the choruses. When the two groups unite to form Augustana Choir, they sing a cappella.

Unusual in the matter of their costumes, Augustana choir members appear in formal attire instead of the customary robes or gowns.

This Augustana choir has been acclaimed by music lovers and critics from coast to coast as one of the finest choirs in the nation.

Four of the Lutheran churches in Springfield are sponsoring the concert by the choir. A cordial invitation is extended to everyone to attend the concert. No admission will be charged, but a free-will offering will be taken.
